

# Learnings

— *Perspectives & Wisdom*

01

—

You have to get ideas out into the real world ...fast.

02

—

Narrative-building is a pivotal part of systemic change-making.

03

—

Building larger networks instead of larger teams goes a long way.

04

—

You have to make the whole project / work / company space - fun!

05

—

Bolder products are not always better or more successful products.

06

—

*Again.* Think beyond what people think they need.

End.

*Thanks,*
