

# Learnings

— *Perspectives & Wisdom*

01

—

No wild fantasy is too wild.

02

—

Proficiency of internal team builds a better bridge to reality.

03

—

Deconstruct the path to realization, preemptively.

04

—

Don't be afraid to introduce new processes.

05

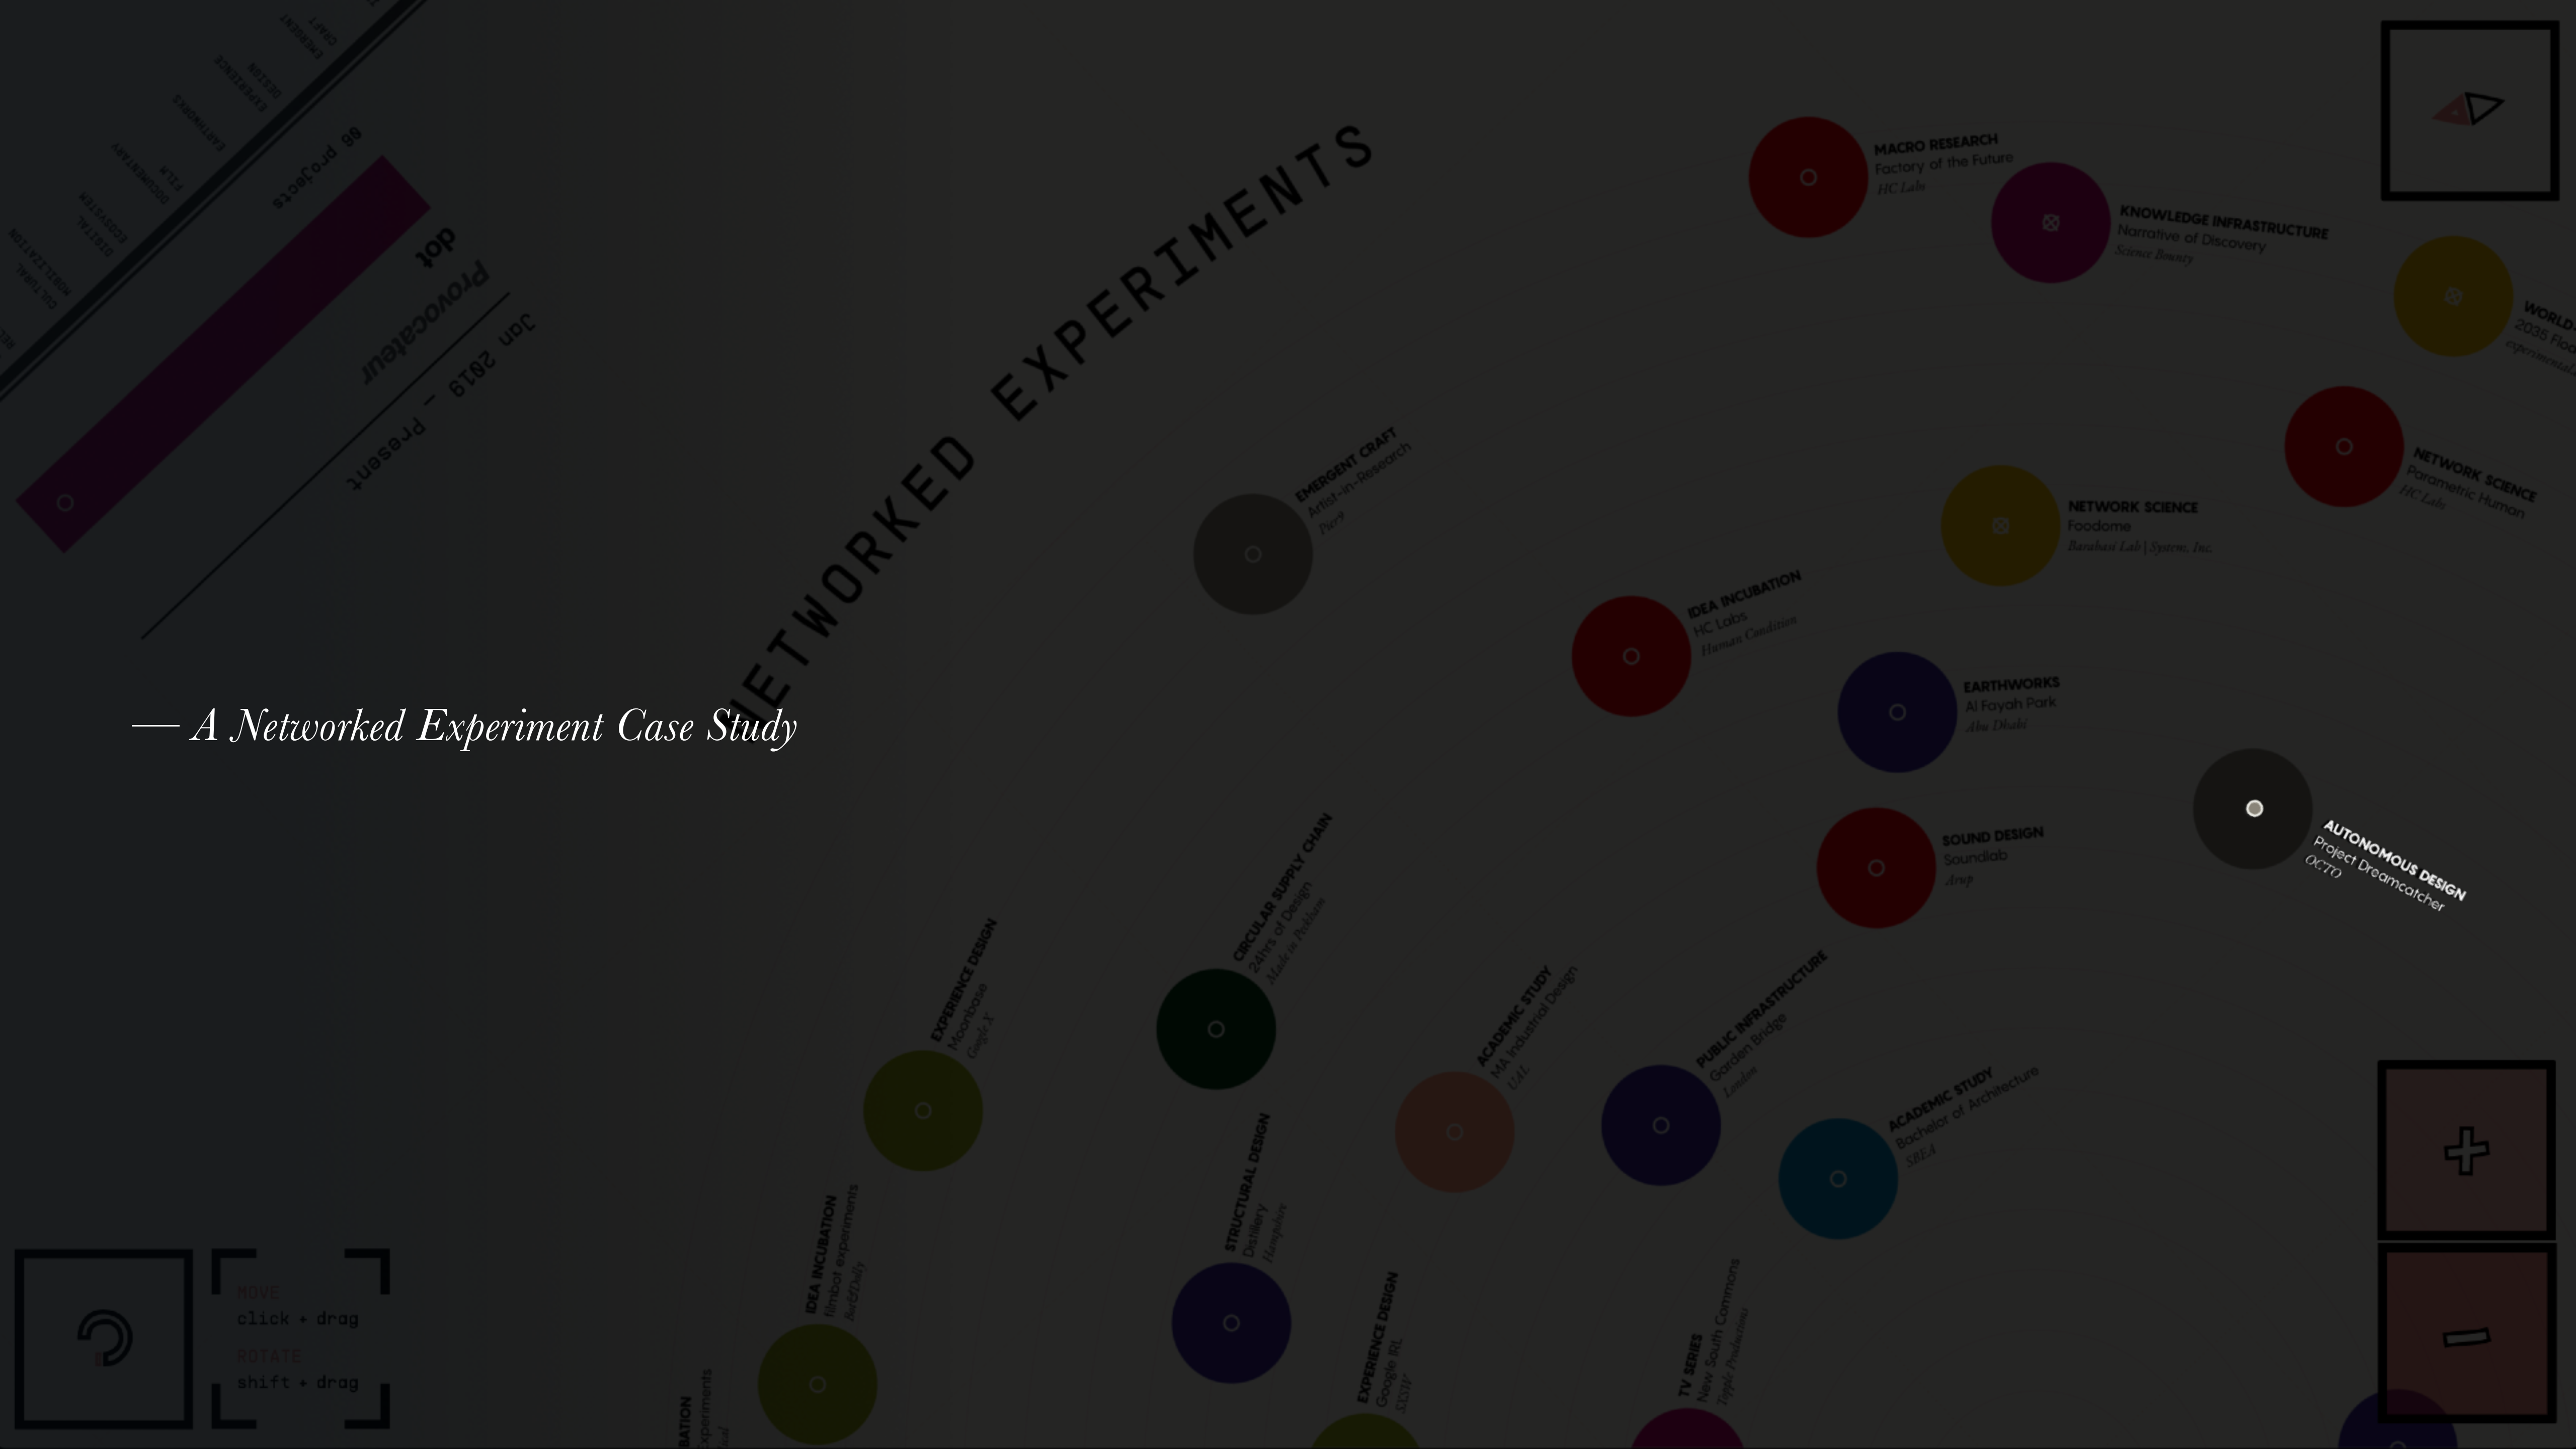

—

You have to get into the weeds ...just don't get lost there.

06

—

*Again.* Think beyond what people think they want.

— *A Networked Experiment Case Study*
